Wheat and Flour. All Emberchers have completed the most perfect arrangement that can be made for the sale of Wheat and Flour, and during the remainder of this year will devote their attention almost exclusively to the sale of these two articles, and they can say to their patrons, with certainty, that they will realize as much net money by shipping here as to any market beyond Atlanta, and will do it with less risk and in shorter time. As to the needless afternances of our market Atlanta, and will do it with less risk and in shorter time. As to the peculiar advantages of our market every one is familiar who knows its locality.

We will accept 30 days bills on Wheat, payable here or at Augusta, for three fourths the value of shipments, accompanied by Rail Road receipts. We think it advisable for shippers of Flour to draw most of their bills at 45 and 60 days, as more time is required for the sale of Flour than for Wheat. By reference to our weekly reviews of the market, published in the Tennessee papers, you can always know accurately what these articles are worth.
